To The Honorable Shelley C. Chapman

My husband, now deceased,
worked for Peabody Coal Company
for 23 years.

I am still buying a home and
very dependant on the health care
I receive because of my
arthritis, cardiac tets and
Transchemic attacks (T.I.A.s). I
suffer if this and the pension
check promised by the Coal Act
is stopped I will be lost.

Thank you,

Sincerely,

Judith Shiel
