The Honorable Shelley C. Chapman,

I am a 65 year old
Coal miner's wife. My husband
worked for Peabody for over 30
yrs. He worked even after he
was injured in the mines so
we could have lock-in-health
care, he knew I had to have
insurance.

I have M.S. for 17 yrs,
my shots are over 13 thousand
a month and I am a diabetic.
I could not buy my medicine
each month. We are old and
sick and our insurance was
guaranteed.

Please don't let Peabody
hide behind Patriot and cancel
our insurance. Please.

Thanks for your help.

Grace
