

Honorable Shelley C. Chapman

I am 79½ years old, with  
out my health care. I could  
not go to the Doctor. I never miss  
use my health care. Now my  
Children have to help me from  
time to times. When things need  
to be repaired on my home they  
have to help, and when my bills  
come due, heat & elect. I need help.  
Please do what you can to  
help us older people have  
our health care.

God Bless you in your work

Shanda L Perkins
