Dear Honorable Chapman

As a U M W A member I know that Peabody Coal company is trying to do away with my health insurance.

I have cancer over a lot of my body, and with out my insurance I will have to die because I don't have the money to pay these bills my husband worked hard for this insurance.

If we loose this insurance then Medicare and Medicaid will have an extra burden on the United States Government.

Can you not see our side of this thing and help us and rule in our favor

Thank You
May God Always Bless You
Carolyn B. Cooper
