To Whom It May Concern:

This letter is to inform you about my health, and how important my health care coverage is to me.

I am 73 years old, I was diagnosed with cancer August 2003. I have received chemotherapy consistently since being diagnosed. I also have a lot of medications that I have to take, to help with my pain, after I receive chemotherapy treatments.

I feel that any changes that would effect my health care coverage would be detrimental to my health.

Please don't take benefits away from us, the employees have worked very hard for this benefit.

Sincerely,

Mabel Brown
