

Dear Judge of New York,

I'm writing a few lines to tell you how bad we need to keep my insurance for doctors visits and medicine. Me myself ~~we~~ have 2 stints and a bad heart. I take 14 pills a day and with no insurance I couldn't make it very long. My wife she is sickly to with a heart and blood pressure problems. She has a defibrillator in plus takes 10 pills a day and she could not make it without the help of insurance. I am 70 years old and my wife is 67 years old. I worked 30 years for this company and retired in September of 2000 from medical problems.
