To: The Honorable Shelly C. Chapman

My formative years were spent in Kentucky, living near the Beech Creek Coal Mines

Even tho my husband's work with Peabody Coal Co., transferred us to Indiana, we still felt ~~that~~ we were near many coal fields.

However, hills + valleys of W. Virginia and beautiful Kentucky kept our hearts.

I'm 90 yrs. old (almost), walk with a walker, partially paralyzed from stroke. I need my Health Care, please.

Sincerely, Marjorie Putnam
