In reference to the Patriot Bankruptcy:

I am Leona Morris and would like to mention the hardship I would face if this is allowed.

I am 91 years of age and I depend on the widow benefits to provide for my living.

I now have a heart pacemaker, hearing aids and am taking a number of medications to keep my health and have a living. I have had pneumonia 4 times and I do have some medical problems that have to be treated. All of these conditions and treatments depend on a continuation of my benefits which without, I could never afford the expense.

My normal medications are as follows:

allopurinol  
amitriptyline  
aspirin  
Benzonatate  
Boniva  
Calcium 600  
Calcium 200  
Diltiazem  
Fish Oil  
Furosemide  
Gabapentin

Loratadine  
Xanax  
Potassium Chloride  
Proventil Inhaler  
Restasis  
Vitamin D  
Oxythromycin  
Prednisone

Taking these medicines help me to carry on with my daily life but without my benefits that were promised, I could not pay for these and pay my other living expenses as well.

I ask you to consider my position and the others who will be affected by this motion.

Thank you for your time.

Sincerely,  
Lehona G. Morris
