Dear Judge Chapman,

I'm a 64 yr. old divorced woman. I have several health problems but my biggest is my heart. I have heart disease & had to have open heart surgery in 2008. I take several different medicines which are very ~~expensive~~ <sup>costly</sup>. If I lost my health ins. on my income I couldn't afford them. I am so thankful for my insurance & would appreciate anything you could do to help us.

Sincerely
