

Oct 2 - 12

To The Honorable Shelly C. Chapman
my name is Shirley A
Clelland. I am writing to you
about what will happen to me
if I lose my insurance
with Patriot Bankruptcy.

I am a widow. I lost my
husband two years ago. He
worked hard for Peabody.

He lost his right lung and
it had black lung and cancer
but he always got turned down
for Black lung. Yet he was always
told he had a ^{bad} breathing problem.

But I am writing to tell you
why I need to keep my
insurance. I have had four back
surgeries. And every thing
else. hands, elbows, feet, knees.

I only have what I need to live
with, last month on my left
hand I had two pre cancer moles
taken off this month I have
had viral pneumonia. I go.

(21)

Thursday to my heart doctor
to see about my face mask..
your Honor I am not the
only person in this
union that has problems.
How are we to pay for our
care. My husband didnt
even draw his full pension
and he wasnt the only person
that treated this way by
Peabody Coal. I have
worked most of my life
to help my husband keep
take care of our two fine
sons that we did the
best we could.

Please help us to keep
our insurance.

May God Bless and
keep you.

Thank you.
