

To: The Honorable Shelly C. Chapman

This is in regard to the bankruptcy of Peabody and Patriot Coal.

My name is Ronald D. Fry and will be 74 in November. I worked for Peabody twenty-eight years and never worked for Patriot Coal.

I'm in poor health and losing my insurance would be death for me. Listed below are the medicines I take. They are all generic except one.

Blood Clots	1X	Day
Water Pills	1X	Day
Diabetic	2X	Day
	3X	Day
Blood Pressure	1X	Day
	3X	Day
Eyes	2X	Day
	1X	Day
Bones		
Joint	2X	Day
Cholesterol	1X	Day

If I would lose my insurance, I could not afford to buy medicine and pay for medical care. Please take this in consideration when making your ruling.

Respectfully,
Ronald D. Fry
