

Dear Shelley C. Chapman

I Lonnie Boothe
hereby, letting you know about my
illness, I have Heart Problems, and
I am a Diabetic, and without my
Health Insurance, I don't know how
I would pay for my Medicines and
my Hospital Bills, and my wife has
medical Problems too. Without Health Insurance
she would not get to go to the Hospital
OR get her Medicines, This Insurance is
all she's got. We got to Fight For our
Rights, and Health Insurance and our
Pension. Peabody Promised us our
Insurance and Pension. Because I work
for Peabody for 35 years, to have this,
and they should keep their Promise,

Yours Truly
Lonnie Boothe
