

The Honorable Shelley C. Chapman

10-5-12

RE- Patriot Bankruptcy.

My Name is Deloris V. Messer, an 83 year old widow deeply concerned about what may happen to me should I lose my Health Care Benefits due to Patriot's Bankruptcy, which quite frankly isn't fair. I value my Quality of Life & my independence of taking care of myself. I definitely do NOT want to become a burden to my Family. Losing my Health care would devastate me, because of my health issues.

I'm a diabetic and depend on INSULIN injections daily, and at night. Having had 7 Heart Stents put in I need Generic Plavix daily along with Aspirin and carry Nitroglycerine Pills. I also take Generic Zocor for High Cholesterol, Generic Zyrtec for Allergies, Generic Lasix for Fluid and 3 different Blood Pressure Pills all on a daily regimen.

I also need to see my Cardiologist - Pediatric Audiologist - Optometrist and Primary Care Physician on a regular basis.

I pray that you consider carefully what devastating hardship losing my Health care would put me in as well as others.

Respectfully yours,

Deloris V. Messer
