

October 2, 2012

Honorable Shelley P. Chapman

Dear Ms Chapman

This note below is in deepest concern for our medical and pension benefits.

Most of us that live in this part of the Community in Beechmont, KY are retired U.M.W.A. Miners, and Senior Citizens with many health issues my self with cancer and heart surgery. My wife Martha (54 yrs married) with Brain Surgery and other health problems.

Help us keep what we Beechmonters in good faith with Peabody, Arch and Patriot. And keep our most needed retirement benefits.

yours,

Harris Shurt.
