

Oct 3, 2012

Honorable Shelley C. Chapman

I am writing in regards to the bankruptcy case of the coal companies health care. My husband worked for Peabody coal and with such a small retirement check we depend on the health care for my diabetic medicine and heart disease. I am almost 81 years old and he is 82. He also takes several prescriptions. We have to visit the doctor regularly also.

We hope you will consider this matter carefully.

Sincerely,

Sylvia C. Nelson
