Honorable Shelley Chapman

I am blessed that I worked for the United Mine Workers and they seen to it that I and my wife had good medical care. I am disabled due to an accident in the mines but I do not want to talk about me. This may shock you to hear what I am about to say, my wife died from cancer a little over 2 yrs ago and its probably a good thing she died back then. The medical care I had seen to it she had the best care possible. If she were alive today and had that same road to travel, it would ruin me financially and to see her not get the best care would take a great toll on me mentally. I am sure she would have suffered much more if I had not had the medical coverage I did.

Please don't let AnctH, peabody and Patriot Coal take our health care from us after all we did for them.

THANKS, William R. Foster

 Patriot (ask) take out health
 please don't let AMT...
 the medical covers a bit.
 I had more it I had not
 but I would take a great
 pleasure and to see her
 that some road to travel
 possible if she were give
 I had seen to it she had the best
 and she did back then the medical
 cost 2125 and its probably
 to say my wife died over a little
