The Honorable Shelley C. Chapman.

My Name is Pauline Jane. I live
in the small town of Madison, W.V.

I am writing to you concerning the
fight the miners are in with Patriot
Coal Co. I am a widow of one deceased
miner. I will be 80 yrs old in May
2013. I depend on Oxygen 24-7 and
several other medicines. Without the
medical benefits I receive from
Patriot Coal I could not pay for
the medicines I need to survive and
live as I should. These benefits were
promised to the miners & their families
Retirees & Widows. These obligations
were taken on by these Coal Companies
and should be made to stand by
the promises that were made to them
These miners have worked hard to
have these benefits. And trusted the
Coal Companies to fulfill what
was promised them.

I ask you when this case is brought before you - that you will consider these things carefully. I pray and trust you to make the right decisions when you make your ruling. I sincerely thank you.

Pauline Lane
