Dear Honorable Shelly C. Chapman

I'm a retired coal miner, I worked underground and with heavy equipment for 34 years. As many coal miners our health is poor, we are at the age we need our medical Insurance very bad. My mother-in-law is on a daily dose of Chemotherapy, due to having lung cancer, if she loses her insurance, she loses her life. Many others that depend on the insurance will die if we lose it.

Please consider this when you make your decision, we have ~~worked~~ hard for our retirement benefits.

Thank You
William A. Peruzzi Jr.
