Honorable Judge

I am writing you about the
Patent bankruptcy case. I have
worries for some time about this
Judge I have Cancer (Lymphic)
and if I lose my insurance I
won't be able to get any more yes
I have a nice savings but with the
price of things it would be gone in
no time even if I could get it I
am asking you to please please
help me at this time if you
possible can. I'll be 83 in Nov. and
with no insurance my life would
be much shorter

Also in our last contracts we
took very little raise in order
to get better benefits if I remember
right. Please Judge help me if you
can. I certainly will appreciate it
