

# Corporate Greed

To Patriot Coal, Peabody Energy, Arch Coal,

I'm a coal miner wife, who recently

retired with over 40 years of coal mining.

The Bible Quote of "do unto others as you would have them to do unto you," Surely didn't apply to Peabody and Arch Coal. When they had their money made and didn't care for nothing they had a plan. Give the company up and let someone else get burnt. (Patriot Coal)

These miners formed a union, paid union dues (like my husband for 40 years) Now the culprits think they can take it away. Forget about crawling on your belly to mine coal, slate falls, black lung

Please Ms. Shelly Chapman, please, please. Help Us! Cry from the Mountain Coal Miners Wives, Children Grand children, generations before & generation after.

Thank - you
