I Freddy Hill is Retired Coal Miner
Am writing you to say how much my Miner's
Insurance & benefits mean to me,

I take several different kind of Medication
Each day - which I couldnt afford without my
insurance,

I also have attacks to my heart, I had
One heart attack, & the vomat Insurance
Was such a blessing for me, because without
it I couldnt afford all my medicines, &
may in time I probably will experience
Another heart attack;

I would be high cost for another Insurance are
Many couldnt even get another Insurance any way
& I couldnt afford it,
