RE: Patriot Bankruptcy

I am writing to let you know that I depend on my healthcare.

I suffer from Parkinson's disease, and I can't make it without a doctor's care, as it is incurable. So, without healthcare, I wouldn't be able to afford healthcare for long...

My husband, Don, worked for the mine for 45 years.

He worked at the mine to take care of this family.

Please don't let this hard work be in vain.

Please rule in favor of U.M.W.A.

Thank You,  
Erma J. Kirkling
