Dear Shelley,

Dear Shelley,

I am writing to you, because I am very concerned, about how you will vote for the UMW retires.

My husband and I both worked until we were 67 yrs. old. We retired in 2000. We thought our UMW retirement and SS, would give us a few good years together. Now, we are in poor health and have anxiety about our future, as retirees. My husband worked 5+6 days a week for Archand Patriot Coal. He never missed a day unless he was real sick. He never refused to work anytime or any job, they asked him to do. He was a faithful employee, to Arch and Patriot Coal.

Now they are trying to find loop holes to cheat him out of his retirement and his UMW health card. He is 78 yrs old and no longer an asset to them. Have no fear Shelley, when you are no longer an asset to them, they will get rid of you also.

I pray you can find it in your heart
to consider the miners and not take away
their livelihood, that they have worked so many
years, for.

They believed in the UMWA contract and Arch
and Patriot Coal's contract to honor their word.

But, with corporate GREED, I don't guess
your WORD, means much.

Please do some serious soul searching
and vote for the thousands of trusting coal miners,
who believed in these companies.

May God Bless You,
Lawrence Dickenson
wife of Clyde Dickenson (Retired)
