

Honorable Shelly Chapman,

My husband

works for Patriot Coal Co. in Madison, W.V. Thank God he still has a job. My heart goes out to the ones that are laid off & the widows, some with no benefits and others scared to death that they will lose what they do have. NO one deserves that.

My husband is a bad Diabetic and he ~~can~~ realise on his medical benefits. I think Patriot's home office should be in West Virginia.

The people should have the right to know first hand what is going on. To see what the future holds for them & their families. I know that Justice is NO¹ one ~~pre~~ priority, but I also ask you to follow your heart and do what is right for a group of people that has worked hard for what they have.

Thank you so much for your time,

Donna Lewis
