

To the Honorable Shelley

My name is Penny Egnor age 50. I am a deceased Coal mines wife - I have had a stroke (Sorry for my hand writing I had to learn to write) left hand etc I lost the use of my right side. Please don't stop our benefits - we need them. I myself has to go to the Dr. Monthly I am on blood thinner for life and it has to be monitored. And an oxygen and other health problems. And when my husband Gary passed 7 years ago he left me with a high mortgage. I beg you Judge please let me (us) keep our benefits.

Thank-You
