This is a letter in reference
the Patriot Coal Corporation
& shed itself of our healthcare.
Their obligations were for all the
U.M.W. A retirees, widows & dependents.

At this time in our life
we need all of the healthcare
and benefits our miners deserve
and worked years in the coal
mines (hard work) and to lose
these would devastate our families.
We feel like we have earned and
deserve this Security.

My wife has COPD, having to
have breathing treatments, so much
medicine to be able to function.
I have had Colon Cancer and
a stint.

Our fathers spent their lifetime

in the mine and helping to
build the coal industry and
were so ~~very~~ proud to be
called a Coal Miner.

It hat a shame to take away
dignity.

Please consider what devastation
to all our families.

We have struggled during these
years and feel like we have
earned and really, really need
our benefits.

We were promised healthcare
for Life. Please do not let
them take it from us.

Thank you for listening.
