as a former coal miner of 15 years -  
 and as a woman who had 3 children  
 to support due to the abandonment of  
 their father - I was one of many who had  
 illnesses develop over the years - I  
 loved working at the mines and needed  
 the insurance, during that time,  
 I had need of 4 pacemakers and it  
 was part of my info that without a  
 pacemaker I cannot live - now I am  
 79 and knowing I cannot live when  
 they fail - they last out 5 yrs in me,  
 I also had cancer so I've been so  
 thankful for the medicine's used on me.

The matters of medicine were part of our awards in contract negotiations instead of cash. — These promises were given to all of us who worked @ arch & amey / who <sup>was</sup> bought out by arch & Patriot.

my medicines are costly but due to the contract we had & still have as of now — they pay a large part of it.

Please don't allow these to leave us in the lurch — we worked many days & nights in all conditions for this to remain as promised.

I do have a computer (not working) so please forgive my writing this way.

Please keep us

I was (1 am) in Dist 12 — used to be Local 1620 in Sq. 26.
