Jan. 14, 2013

To: *The Honorable Kathy A. Surratt - States*

Re: *Case No 12-51502*

*I am deeply troubled over Peabody, Arch, and Patriot's legal action against the people who contibuted to make these companies grow. These men and women worked hard often under some dangerous conditions and were promised they and their families would always be provided for. My husband Frederick Dean Bardle worked for over 30 years for Arch and was sure they would alway keep their word.*

*I have had both breast removed since Fred passed away. I am still under several doctors care and taking expensve treatments and medications. I don't know what I shall do if Arch doesn't keep its promise. I guess I will go on state assistance and IL is almost bankrupt itself. I am not alone There are hundreds of us. Please help us to have these companies keep their promise.*

*Thank you,*  
*Geraldine Bardle*
