Your Honor, we cannot understand how this company has led us down the road to to get rid of us. Jim an oxygen + lots of meds (Joanna). Jim has a problem with injuries from work, arthritis, Blood pressure on meds. When the company Peabody changed us to Patriot coal it was a signal both of us knew was not good. Even today on TV the U.S. President said we pay our bills + do not default on our promises to the people. We don't know what we will do if they are allowed to dismiss us. Please help us see justice. Thank you
