U.S. BANKRUPTCY COURT  
EASTERN DISTRICT OF MISSOURI

To The Honorable Kathy A. Sullivan  
RE, Case # 12-51502

We feel very honored, to be able to write you concerning this case. My husband Rescoe C. Brown, will soon be 81 years old, and he gave 32 years in the coal mines, after serving his country in the Korean War, he worked many of these years for Pea Body Coal, now Patriot Coal. Working day shift, many many days. he gave them 8 and 9 hours of his time coming home, after showering and eating his evening meal, he would maybe get 1 to 1 1/2 hours of sleep, his boss would call him and ask if he wanted to come out on the midnight shift, and after working that shift he would also work the following day shift, making 3 shifts in a row. he did this quite often. never saying No.

He fought Pea Body 15 years spending out a lot of money, for medical services, for Black Lung. Now he has to have an Oxygen machine, at night, and during the day his breathing isn't good. he uses inhalers during the day which helps. He also has dementia which he's on medication to slow the process down, and he has an trembling in his hands, this affect him from writing, holding a glass etc;

My husband payed a big price  
each month for insurances, thru  
his pay roll, thinking this would  
take care of us after his retirement,  
boy are we getting fooled. I have  
quite a few serious medical problems  
myself. I'm now looking at having  
some major surgeries. And with all  
of his sickness and medications, I  
cannot begin to think what we  
will do if these Coal operators  
are permitted to break their promises  
to these poor miners, after they have  
given the Coal companies the best  
years of their lives.

We are very honored to have  
a great man like Cecil Roberts  
our president of Umwa, helping  
to fight for all of us.

Thanks so much, we really appreciate  
you taking your precious time  
to read our concerns.

Sincerely Yours

Lasene C Brown
