The Honorable Kathy A. Surratt States
Re Case No. 12-51502

Your honor, I worked 23½ years in the coal mines all at Peabody Eagle #1 & #2, all of which was under ground & all on a machine on a coal producing unit.

I am in the process of filing for federal Black lung. I am on oxygen 24-7 plus a nebulizer (albuterol sulfate inhaler pipe) 4 times a day Advair & Spiriva inhalers 2 times a day plus emergency inhalers to carry for when I get very low on oxygen & my heart rate goes very hi.

I am inclosing a list of my other med's. Some of the breathing med's are on the list as well as my other med's.

I am a honorably discharged veteran, (they won't even talk to me they say my income is to high) My wife & I both worked full time jobs

As any one can see who could never even pay for our med's and living expenses

Thank you for reading
my situation William Rodgers

Oxygen 24/7 2 liters
Advair 250/50 2x a day
Spiriva inhaler 1x a day
(Nebulizer/Albuterol Sulfate)
3x a day
