In reference to Case no. 12-51502
U.M.W.A. VS Peabody, Arch & Patriot Coal
Companies.

I am a retired Coal miner, retired from Peabody Coal Company, the only Coal mines I have ever worked at, my father was killed in an underground Coal mine when I was four years old.

The hardships have been many through the coal fields of Kentucky, they will become greater on many more if these Coal Companies are allowed to take away our health care. Personally, my wife and I both have some health issues and there is no way possible we can afford to buy medical insurance. And I know several families that are in the same situation that I am in.

So I plead with you to please consider how important this matter is to so many families that have worked hard for years in order to have this insurance.

Thank You,
Anthony Allen
