Honorable Kathy A. Surratt - States:

I am 70 years old. I worked in Under-ground mines in Kentucky. These were Pea-body Coal mines. Jobs I held were general inside laborer 1977, shot firman (shooter) 1978, rock duster 1980, Roof bolter operator 1986, continuous mining machine operator 1989. I was ask to drive a shuttle car if two people on my unit were off. I was always agreeable to learn another job. I thought I would always be hired at new mines because of my resamie, (paper work.) I brought to a new mines as I was layed off.

I never dreamed some day I might loose the thing I wanted most from Pea-body Coal Company would be my medical benefits. The only thing that made this profession interesting to me. I now have inner-ear problems from all the showers I took in those 19 years of Working in the mines. Will you help me?  
A non-smoker.

Sincerely,  
Sincerely yours,

Linda R. Blanchard
