To the Honorable Judge Kathy A. Suratt-States:

I am a 62 year old pensioner from Peabody Coal, Camp #2 Mine (not Patriot Coal). I suffered a disabling back injury after 16 years of service. (1974 to 1991) I had to have metal rods put in my low back and have been disabled since. I also have Black Lung, COPD, Emphysema, and Lung Cancer. I am on oxygen 24/7. Please do not let Patriot take away the health care they promised to my wife and I. She has no other health care either.

Being on a fixed income, I feel like it would be a death sentence for me to let Patriot take it away as I would not be able to afford the medications and Doctor visits we must have.

Again, PLEASE do not let this happen to all of us pensioners and their families. We worked very hard for what we have.

Respectfully Yours,  
Raymond E. Wright
