U.S. BANKRUPTCY COURT
EASTERN DISTRICT OF MISSOURI

Jan. 14 - 2013

Honorable Kathryn Switt -
States

Case No: 12-51502

This is in regards
to the bankruptcy case
you are presiding over for
Patriot Coal Co.

My husband worked in
the mine when it was
known as Eastern Associated
Coal. He worked for 32
years

I have Severe Rheumatoid
Arthritis and osteoporosis
I have pain all the time
and have had several
operations and have had
to be on medicine all
the time. It is expensive
and without the insurance
I would never be able

to go.

We have fought for our insurance and our pension. Without the insurance and the pension we would never be able to live our lives.

If we loose our benefits I would never survive. I developed an infection in my ankle after surgery in Sept. 2011. I almost died then. I got it healed after wearing a vac on it for months. I had just get it healed and the infection came back. I had to have surgery on it again. It is a hole clear to the bone again. I have a vac on it

again, I don't know if I have to have another surgery. The insurance is the only thing to pay the huge bills.

3 years ago my back was getting so bad I was having trouble walking and standing to cook.

They put rods and pins in my L3-L4 + L5 disk. The doctor said it was pinching on my spinal cord I would have been paralyzed before long. It was a long time healing and physical therapy to get me moving.

If we loose our benefits I could never afford the treatments I need.

Please help us to

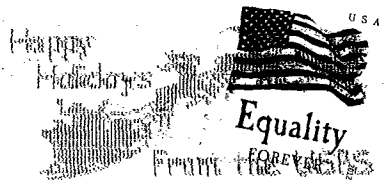

Keep our benefits
we have fought to
have.

Sincerely,
Betty Letts
