Dear Judge States:

I am writing in behalf of my husband George W. Scott Sr. retired coal miner from Habet Mining date of retirement 1/1/93 with 30 years of documented services. but he put in more years that he did not have documentation - 40+ Total. He was day shift coal loader for years. He worked 5-6 days a week. He would even double back - work an extra shift if the company needed him. He spent the best years of his life working for Habet. Trying to provide a living for me + our family. He worked very hard. He had 2 enloaders catch fire & he jumped out. & about lost them twice to that company. Also his oldest child was killed there George W. Scott Jr. on Dec. 23, '76 They went + got him off his loader

to see his child in a pool of blood. Are you a mother? Can you imagine that? He has given more than most to that company. We are not rich people, I don't even have a computer. That's why my letter is hand written. George never worked for Cuck, Peabody or Patriot. I know they bought Hobet out. They know when you buy a company you assume all liabilities! Not the ones you want ALL OF THEM! I was brought up you don't buy it if you don't have the money for it. Common sense right? Now that George is old & sickly, they want to throw him and me to the wolves!!! George is diabetic - 2 different insulins, 4 shots a day, has had triple CABG surgery, 2 MI's, 11 TIA's, 2 strokes + gallbladder surgery, hernia repaired x2, Lens implants x2 + now he has Alzheimers + dementia. He takes 15 different meds a day. Every year its a fight to get them to pay for something. Now its his drucept 23, Humalog insulin + Sanctura XL for overactive bladder. They drive me crazy with having a time getting

His medicine paid for. I've devoted my life to taking care of him. I've nursed him back from everything. I can't nurse him back from the Alzheimer's. He's sleeping a little every day. It's so hard to watch but I will care for him until I keel over! I'm starting to fall apart now. When I need my insurance the most + they want to do away with it! I say NO! We are God fearing, honest, hard working people who believe in working hard for what you have + praying you'll leave a legacy of God's love + kindness + mercy behind.

This case scares me to death! If you allow them to take our benefits I don't know what we will do! He worked so hard for our benefits + now when we need them the most they want to take it from us. The contract he retired ^{under} promised 100% coverage - \$500.00 in deductibles for life! Not 80/20, 70/30 or whatever they want. I punch punches so tight Abe Lincoln screams for mercy! We live a simple life. We aren't extravagant. We've never in 29 yrs had a vacation

Our activity of choice is going to church
& trying to serve the Lord. Please
take in to consideration what I've
told you. This would not only devastate
us but about 20,000 others too.
It will destroy economies in the area
& everything. I pray you'll make the
right decision.

Thank You -
Mrs. Jennifer Scott
