My name is Iris Thompson  
 married to Larry D. Thompson. We  
 have been together for forty years.

Larry worked for thirty-five on  
 a quarter. He started to work in  
 July of 71. I have been there for  
 everything. The times he worked  
 the times he struck the times  
 he was hurt, which was many.

When you worked you worked  
 under contracts that everyone agreed  
 on. We cannot go back and sue  
 the Coal Company because we didn't  
 agree on everything.

If you allow the coal  
 company to take our insurance away  
 something that Larry worked for

There are thousands and thousands of families that depend upon this insurance when you are young you don't think much about it, but when you get older and need it you expect it to be there, especially when you worked for it.

We are not asking for anything we don't work for.

I have high blood pressure, acid reflux, arthritis, a bad knee and need surgery on both hands.

Larry has a lot of health problems most of them caused from working for the coal company, bad lungs, bad knees, back pain, and a lot of other problems.

Well Judge these are ~~are~~ our problems. You on the other hand have the fate of thousands on your hands. I pray for a right decision

Thank you
