To: The Honorable Kathy A. Swatt - States Re Case No

My name is Larry Dale Thompson.

I am a retired U.M.W.A. member with 35+ years service. My health and my wife's health is not very good now.

I worked all these years with the promise from the Coal Companies that when I retired I would have health care for me and my wife.

But about 6 or 7 years ago it was ~~it was~~ plan what the Coal Companies were going to try. Well that day has come!

They are trying to take our health care and part of our pension.
We pray you will see through these Plans.

Sincerely:

Larry D. Thompson
Member of District 17.
Thank you
