Re: Case No 12-51502

Your Honor:

My husband has worked for Peabody for years. Peabody signed a contract to provide private health care for retirees the rest of their lives. At this time in our lives we need health care / drug care more than ever.

My husband has Prostate Cancer (12 yrs ago) and it has now returned. He is receiving treatment for it. He also has neck problems (result of coal mining accident in a Peabody mine) as well as arthritis & colon problems.

You can see, Your Honor, that no health/drug coverage puts ^{us} in a hard place.

My health problems include heart problems
& asthma as well as seizures

Drugs for these conditions are expensive,
One bottle of medicine is over \$180⁰⁰

We depend on his pension check as well as
Social Security to pay our bills. We are not
extravagant people but we have bills like everyone
else. Money is necessary to live,

at our ages we cannot work as we once
did.

your Honor Please make Peabody
Patriot fulfill their obligations to
their retirees.

Sincerely

T. R. + Virginia Thompson
