U.S. BANKRUPTCY COURT
EASTERN DISTRICT OF MISSOURI

To The Honorable Kathy A Surratt-States

I am writing to you about case #12-51502.

My husband worked for the coal companies. They promised him that our health care would be taken care of until we died. They promised they would take care of the retirees, the widows and their dependents.

My husband passed away in 2009. I am 79 years old this coming May. I don't know what I would do if I didn't have health care. The coal operators made these promises and I don't think it's fair that they get to break them now. My husband along with other coal miners kept up their end of the work, why can't the coal operators keep theirs?

Please I am asking you, make them keep their promises. It's their responsibility to keep their promise, everyone thinks they can make everything go away by filing bankruptcy and they don't care who they leave out in the cold. Let them know this is not the American way and hold them responsible to the retirees, widows, and their dependents as well as destroying the current bargaining agreement at active operations continues. It's their obligation and we need you to hold them fully responsible for them.

Thank You for listening to me
