

Judge Sumat-States

I was employed with Peabody/Patuit for 32 years. I tried to give them my best and I think that I deserve the best from them.

After retiring from Peabody/Patuit in 2009 I ran into some medical problems in June 2009. I had to go to John's Hopkins for open heart surgery, if I hadn't of had such great medical insurance I would have probably been dead. Later on in August I had to have for more surgeries for aneurisms in various places in my body. Thanks to my insurance everything was taken care of.

Your Honor if Peabody/Patuit is allowed to take away my insurance along with about 10,000 retirees and their dependants this will devastate a lot of people. I serious urge you to consider all the people that this will hurt. WE are not asking for anything free. WE are asking for what we are due through collective bargaining and what was agreed on when we voted in good conscious of the contract. Please think of us when it comes time to make your decision.
