EASTERN DISTRICT OF MISSOURI

To: Bankruptcy Judge  
Kathy A. Surrattli - States

I am writing to you in hope that you can help us to keep our pension and the health care because we are totally depending on it because we are both 75 years old. My husband James has had problems with his back and neck pain, also with arthritis and old age. Working in the mines for twenty four years was to insure we would have a pension and the health care that was promise to us in our old age.

The medicine alone is something we could not afford on our own. As we get older there is more things go wrong with us.

It was a great shock when the doctor said I had to have a Complete Hysterectomy. If I did not have the health care from the mines I could not been able to have this surgery.

I thought every thing was over,  
but it was not to be.

Now they are telling me I have  
cancer. I have went thru  
chemotherapy Drugs (Carboplatin  
and Taxol) then it was radiation  
and also inturnal radiation.

Sorry to go on so but point is  
if I did not have the Health  
Insurace I could not have it  
done. Now one year has went  
by and I had to have a Catscan  
which shows I may be going  
thru this again, but with out the  
health insurance it maybe my  
death sentence for me. With out  
the health care insurance that  
was promise. So please that we  
can keep the Health Care and the  
Penison. I thank you so very much  
if you could help.

Yours truly Julia McDougal and
