I devoted thirty three years of service to coal mines here in West Virginia. I worked for Federal # 2 mines before Peabody began managing. In my service I worked many days when I really did not feel healthy. Yes, I expected the company to provide my pay check along with health benefits and pension when it was my turn to retire.

My wife, Helen, suffered a severe brain bleed in 2011. Since that time she has been a patient in the hospital,

rehabilitation center and nursing home. Because of the medical care, she is home now, however, visiting rehab twice a week and frequenting several doctors. She has lost her ability to read, write and spell.

Where would we be if our insurance support was taken away. Please continue your support. We need you!

I am eighty six years old and my wife is eighty two years old. Please help us.
