EASTERN DISTRICT OF MISSOURI

Jan. 16, 2013

Honorable Kathy A. Surritt states:

My name is David Mazzard. I live in Paducah, Ky. I worked for U.S. Steel (which Arch purchased), Arch Coal and its subsidiaries for 29 1/2 years. I came out with a disability to my back. I physically worked myself down working for this company which promised to take care of medical expenses for me and my spouse our lifetime.

With my fixed income there is no way that we can live and buy mine and my wife's medicine and doctor bills. I have high blood pressure, heart problems, back problems, high cholesterol and I had a stroke in my left eye which required three types of eyedrops daily to keep me from going blind, which by themselves cost over \$300.00 monthly. These are medications, I will need the rest of my life.

My name is Frankie Mazzard, the spouse of David Mazzard. I have multiple health problems which require several medications and visits to the doctor and having regular tests performed. (OVER)

I have high blood pressure,
high cholesterol, a pseudocyst
on my pancreas which requires
me to take pancreatic enzymes
by mouth. I have a stent in
my iliac artery which requires
me to take blood thinners
everyday which is very
expensive. There is no way
David and I can afford
our medications and office
visits and medical procedures
out of pocket. We still have
to live from day to day
paying our normal living
expenses. They promised to take
care of us for our lifetimes.

Thank You,

David & Frankie Maggard
