Honorable Judge Kathy A. Surratt-States

I am writing this letter today to hopefully express my concern with the upcoming case mentioned above. I am a widow from Owensboro, Ky. My age is 84. My husband whom I lost six years ago was comforted in his leaving me with the knowledge that I would be taken care of the rest of my years by insurance coverage provided by Arch Coal Company. Now, as you know this comfort is being threatened.

My dear husband worked many long hours in many times dangerous conditions. However he always felt it was worth it because his family would be under the umbrella of the UMWA and the benefits that come with that. There were times it would have been much easier to have taken a different road, but the promises of this company kept him stable, now those promises seem to be crumbling right before my very weary eyes. It would break my husband heart as well as his will to see this happening.

Ms. States, I beg of you to please look at what this will do to me and many in my condition if this company is allowed to dishonor these promises. As I mentioned I am 84 and have serious medical conditions including cancer.... Without this coverage I could find it necessary to drain what monies I have and be forced to live on a very low fixed income. As we all know social security and Medicare are in uncertain times, but I never expected to not have my livelihood threatened by such tactics.

In your infinite wisdom please consider these facts in your upcoming decisions.

Thank you in advance for your taking the time to listen and hopefully address these issues.

Most Sincerely,

Nancy F. Willis
