U.S. BANKRUPTCY COURT
EASTERN DISTRICT OF MISSOURI

The Honorable Kathy A. Surratt - States &

- My dad worked in the coal mines before they were organized and they were far more dangerous.

One night my dad awakened and told my mom that an angel appeared to him & told him not to go to work the next day. He said it was so vivid. Mother cried & pleaded with him not to go to work. So he stayed home. The boss, that he worked with every day, was killed with a cave in. It pays to listen to your guardian angel!!!

The mines aren't as dangerous as they were in earlier years and this is mostly due to the organization of the United Mine Workers.

My husband never worked for Patriot Coal - he worked for Peabody Coal Co. and was always protected with insurance.

Peabody signed a contract with the U M W A for my husband and his family to be covered by insurance for the rest of our lives.

I have a Down's Syndrome child who is loved by anyone who is around her. Of course I have to drive her everywhere she goes. If we lose our insurance and pension, things will have to be cut back drastically. We'll have a hard time getting by.

I also had invasive breast cancer surgery 1 1/2 yrs. ago and I'm being treated for it. If we lose our insurance, I don't know how I will be able to continue treatments.

My husband (Herbert E.) who worked for Peabody for 32 yrs., died 16 yrs. ago so this makes it really hard for us.

I pray that something can be done to hold Peabody accountable for the promises they gave us.

P.S. I'm sending pictures
of my Down's Syndrome child,
Cindy

Sincerely,
