To the Honorable  
Kathy A. Sumatt - States

I worked for peabody coal for twenty five years. We worked six and seven days a week. We worked in extreme heat and cold at sometimes dangerous jobs. I worked twenty years on second shift. We had six men killed on the job in the time I was there and lot of bad injuries. We worked for four to six dollars per hour less than the trade unions. One of our top goals was to keep our our retirement benefits, health and pensions. A lot of us or at retirement age and rely on those benefits. By transferring us to Patriot coal peabody coal is trying to deny us those benefits that they agreed to for all those years. I never worked a single day for Patriot coal. I am sixty three years old and need my health care and pension.

Thank you  
Terrill D Corn
