Your Honor,

I am a ~~coal miner's~~ wife, mother, grandmother, nurse, and devoted to our coal heritage.

My grandfather was a miner back when, died early due to his working conditions.

In 1981 I married a miner. We lived with his parents just starting out. Everyday I sent Mike to work with clean clothes and good food. Always a prayer for him to come home to me. We raised two children on his salary, not at all what it is today. He brought home between \$300 - \$500 a week depending on overtime. He would drive us to town and get provisions for the next week. I gardened and canned veggies to help out. We are country but not ignorant. Mike worked for our future, our health insurance. We earned all of it. Minor injuries only thank GOD. Everyday I sent him to work, a little of me went with him. Now we desperately need this and should not lose it. Thank you
