This is about ongoing patriot bankruptcy,
Peabody and Arch, the two Coal operators which
promised Health Care for life affected by this
Bankruptcy,

I worked almost 11 years of Service for
Peabody, Arch and Patriot, they should be
held responsible for the promises they made
to me, it would cause hardships and
life threatening conditions for us, because
we are up in age and our health is not good.

It would affect me and my family should
these Coal operators be permitted to break their
promises, they should be held responsible for
our health care obligations and trying to
destroying the current collective bargaining
agreement.

I think the members and our family
has earned and hold them fully responsible
for their obligations.
