U.S. BANKRUPTCY COURT
EASTERN DISTRICT OF MISSOURI

1/25/2013

Dear Honorable Kathy A Swatt - States,

I wrote to you earlier in the week about health care coverage. I would like to say a few things about coal miners pensions for retired miners, surviving spouses. It would devastating for pensioners, and surviving spouses to loose their pensions. It's probably about half of their monthly income or more. It costs so much to live these days every time you go to the store everything keeps going up in price. If this would happen I don't know what people will do.

You make these coal companies what they are today, and they want to take away what you have earned away from you I don't understand.

Thank you for taking the time to read my letter. Your Honor
Richard C Johnson
May God Bless You
